My name is _____ and I reside at _____

_____ in the Town of Galen. On November 3rd at around 4:30pm I returned home from my _____ house. My mom _____ and my daughter _____ were with me and we were in my moms 2005 Chevy Equinox. We pulled into the driveway and backed in next to the garage. Mom said I have to go talk to dad and that's when I saw him sitting on our 4-wheeler in the garage. I heard mom talking to him about the 4-wheeler. I saw that my dad had a wierd look on his face. Mom and dad have been separated since June and he no longer lives at our house. I felt that something bad was going to happen so I wanted to get Khloe out of the car. All of a sudden I saw my dad run out of the garage and charge at my mom. He pushed her into the passenger side of the car, grabbed her by the hair and with a closed fist punched her three or four times in the back of the head. He then body slammed her on the ground. While mom was on the ground dad was standing over her. I got in between them and told him to stop. Dad pushed me with both hands on my chest. Mom got up and he again grabbed her by the hair and punched her several times in the back of the head. He pushed her down again. my boyfriend came out of the house at that point and took out of mom's car and put her in my car. Mom got up again and dad grabbed her hair again and punched her in the head several

more times. Dad pushed her pretty hard and she fell. I then phoned the police. Mom got up again and dad punched her in the head. Mom managed to get into the car and sat in the drivers seat. She locked the doors. My dad then got a sledgehammer out of the garage. Mom moved over to the car and mom moved over to the passenger seat. Dad had the sledgehammer in the air like he was going to hit the window. He walked to the front of the car and kicked it. Dad then hit the driver side door with the handle part of the sledgehammer. He then dropped the sledgehammer and went to the garage. He picked up a gas ^{FL} can and at first poured gas on the house. He then started pouring the gas all over the drivers side of the car while mom was still in it. Dad then ran into the house and came right back out with a box of matches. He tried to take a match out and all the matches spilled onto the ground. He still had the match box in his hands. He stood in front of the car, lit the match and stated to my mom "Are you ready to go bitch, are you ready to go?" I was in fear of my mother's life at that point. I thought that he would throw the match on the car. I was still talking to 911 on the phone and I was screaming. The next thing
